A member of FAS Gov Suite™—an integrated asset management solution.

FAS Gov Asset Accounting provides easy-to-use fixed asset accounting and reporting features for government, school, and non-profit organizations needing effective decision-making tools in integrated accounting environments and helps them comply with GASB 34/35 requirements. FAS has successfully served organizations for over 20 years and is used by the “Big Four” accounting firms. Giving you a complete overview of your fixed assets at every stage, FAS Gov Asset Accounting is the perfect solution for your GASB 34/35 needs.

The comprehensive solution for managing fixed assets.

- Manage entire fixed asset lifecycles from acquisition to transfers and disposals
- Allocate cost and depreciation for individual or groups of assets to more than one funding source
- Integrates with your General Ledger solution and proprietary systems
- Custom Report Writer option enables graphics, drilldown, and batch reporting capabilities
- Password security on user-defined menu levels
- Powerful Import/Export Helper with easy-to-use wizards
- Flexible depreciation—including both standard and customized depreciation methods
- Over 20 ready-to-use fixed asset reports

(over, please...)
